

2

2

**STEP 2**  
Fold corners down on both sides. Use the centre line as a guide to form a 'house shape'.

### F111 INSTRUCTIONS

Follow the folds in numerical order.

— Dashed lines indicate an inward or 'Valley Folds'.

1

**START**  
Valley fold in half then unfold.

7

**STEP 7**  
Valley fold in half.

**STEP 3**  
Fold these corners  
into the centre

8

8

3

**STEP 6**  
Fold nose back over  
the wings aligning  
the centre crease.

9

**STEP 4**  
Fold the tip of the  
plane down to the  
bottom of the sheet.

4

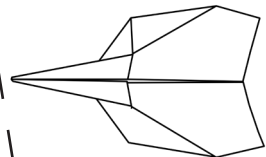

5

5

**STEP 8**  
Fold wing down. Match on other side.  
Unfurl to create a positive dihedral.

**FINISHED FLYER**
