

## FINISHED DYHEDRAL

## FOLLOW THE FLIGHT PLAN

Follow the folds in numerical order on both sides of the paper

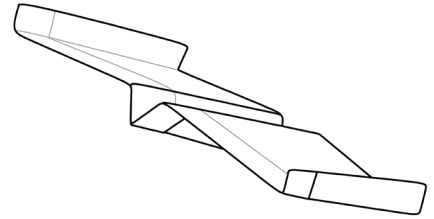

Dashed line indicates an inward (Valley) fold.

Dotted line indicates an outward (Mountain) fold.

## FINISHED GLIDER

**1** **START**  
Fold down.  
Proceed to  
Step 2.

**6**

**5**

**STEP 5**  
Fold wing down. Match other side.  
Unfurl to create a positive  
dyhedral angle on wings.

**5**

**6**

**LASTLY** - Fold both winglets. Unfurl  
to be perpendicular to the wing

**STEP 2** Fold down. Proceed to step 3.

**STEP 3** Fold down. Proceed to step 4.

**STEP 4** Fold in half. Proceed to Step 5
